GREETINGS FROM KAZNADC

We invite all the interested parties to familiarize themselves with the work done by the Kazakhstan National Anti-Doping Centre (KazNADC) in the 2018 annual report.

This year has been rich in sports events, especially when it came to the fight against doping. During this time, it was possible to start work on educational programs, train new doping control inspectors, and cooperate with various international organizations.

KazNADC has successfully passed the WADA audit and confirmed its compliance with the WADA Code.

All this contributes to the successful integration of the Kazakh sports society into the transformation that the anti-doping sphere is undergoing through. Therefore, it is so important to unite efforts in the fight for fair sport.

I wish success to all the participants of this process!

Best regards,

**Ms.Maira Bakasheva
Director**
